PROFESSIONAL SUMMARY

Computer Science and Information Technology student at Egyptian E-Learning University (EELU), specializing in Machine Learning and Data Science. Experienced in Python, data preprocessing, feature engineering, and model evaluation through practical training with DEPI and FlyRank AI. Demonstrated proficiency in building end-to-end predictive pipelines, designing structured relational databases, and delivering clean, efficient software solutions.

EDUCATION

Bachelor of Computer Science and Information Technology

Egyptian E-Learning University (EELU) | 2024 – Present (Expected Graduation: 2028)

EXPERIENCE & INTERNSHIPS

AI & Data Science Trainee — Digital Egypt Pioneers Initiative (DEPI)

Microsoft Machine Learning Engineer Track | Jul 2026 – Present | Egypt (Hybrid)

- Engineer end-to-end Machine Learning pipelines utilizing Python, Pandas, and Scikit-learn on structured datasets.
- Perform data cleaning, missing-value imputation, feature engineering, scaling, and classification model evaluation.
- Collaborate on technical AI problem-solving tasks and applied projects under industry mentorship.

Machine Learning Intern — FlyRank AI

Practical Machine Learning Program | Jun 2026 – Aug 2026 | Remote

- Executed Python-based data workflows, handling dataset preparation, feature transformation, and exploratory data analysis.
- Trained and benchmarked baseline predictive models using Scikit-learn to fulfill structured internship project assignments.

PROJECTS

Titanic Survival Prediction | Python, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

- Built a complete 5-stage Machine Learning pipeline: conducted Data Loading & Understanding, handled Data Cleaning (missing value imputation & outlier handling), performed Data Visualization & Exploratory Data Analysis (EDA), implemented Feature Engineering & Preprocessing (encoding & StandardScaler), and executed Model Training & Evaluation with Logistic Regression achieving 82%+ accuracy.

Home Service Booking System | System Analysis & Design, UML, Rational Rose, OOP

- Engineered comprehensive system models using Rational Rose, designing Business Use Case, Activity, Sequence, Collaboration, Class, Statechart, Component, and Deployment diagrams to specify structural and behavioral workflows.

Training Courses Management System | MySQL, Database Design, ERD, SQL

- Designed comprehensive Entity-Relationship Diagrams (ERDs) and performed Relational Schema Mapping (3NF Normalization); implemented full DDL and DML scripts in MySQL with complex queries, joins, and constraints to manage student enrollments, instructors, and course scheduling.

Restaurant Web Interface | HTML5, CSS3, JavaScript, Responsive Design

- Built an interactive, responsive front-end restaurant website using semantic HTML5, modern CSS3, and JavaScript for dynamic DOM manipulation and responsive cross-device navigation.

TECHNICAL SKILLS

- Programming:** Python, Java, C, SQL, JavaScript
- Machine Learning & Data Science:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, EDA, Feature Engineering, Model Evaluation
- Databases & Architecture:** MySQL, ERD, Schema Mapping, Relational Database Design, 3NF Normalization, SQL (DDL/DML)
- System Modeling & Networking:** Rational Rose, UML Diagrams (Use Case, Sequence, Class, Activity, Component, Deployment), OOP, TCP/IP, Routing & Switching
- Web Development:** HTML5, CSS3, JavaScript, PHP (Fundamentals), Responsive Design
- Tools & Platforms:** Git, GitHub, Jupyter Notebook, VS Code, Cisco Packet Tracer, Microsoft Excel

CERTIFICATIONS & TRAINING

- **Information Technology Specialist (ITS) – Artificial Intelligence** — Certiport (Pearson VUE) | Aug 2026
- **Problem Solving (Intermediate) & (Basic)** — HackerRank | Aug 2026
- **Python (Basic) Certification** — HackerRank | Aug 2026
- **AI for You: Training and Assessment** — Oracle University | Aug 2026
- **CCNA: Introduction to Networks** — Cisco Networking Academy | May 2026
- **What Is Generative AI?** — LinkedIn Learning | Jun 2026
- **AI Tools & Front-End Development Training** — Microsoft / Kiron Egypt / Ministry of Youth & Sports | Feb 2026
- **CS50: Introduction to Computer Science** — Harvard University

LANGUAGES

Arabic: Native | **English:** Professional Working Proficiency
